Join Our Ivy League Tour

The Elite Ivy League Tour is a nonprofit program established in 2011 to give students firsthand exposure to America's top universities and help them strengthen their academic motivation and goals.

During Spring Break 2027 (March 13–19), students will visit Ivy League campuses such as Harvard, Yale, and Princeton, meet current students, and gain a deeper understanding of college life and real admissions standards. This experience goes beyond a simple campus tour—it helps students discover their own reasons for studying and build strong internal motivation.

The tour also includes visits to major landmarks in New York and Washington, D.C., offering both academic inspiration and a rich cultural and historical experience of the U.S. East Coast.
